Dear Lawrence

**Wholesale Mobile Voice Call Termination charge controls – request for consent**

Thank you for the opportunity to respond to Ofcom's consultation on this matter.

O2 (UK) Ltd welcomes Ofcom's proposal to grant consent to the four 2G mobile network operators to calculate charge controls on the basis of total traffic volumes. We think that granting consent would be both necessary and proportionate for the reasons stated in the consultation document. Similarly, we agree that the relevant statutory tests would be met if Ofcom granted consent.

Yours sincerely
