

Dear Susan,

It's fantastic news to hear that finally community radio licenses will be issued, i am sure you will have a great response for the licenses but, my concern is that Ofcom is allowing groups to have up to five licenses in different areas. Community radio can only be successful and effective to the community, if it is run by groups who live and work in that area, for only they can understand and relate to the fears, concerns and needs of the community.

I hope that my opinion will count, and be reflected in your final decision.

Yours Sincerely.

Mr Jabbar Karim.
