Dear Mr Davies

DISCUSSION DOCUMENT: *THE FUTURE OF RADIO -THE FUTURE OF FM AND AM SERVICES AND THE ALIGNMENT OF ANALOGUE AND DIGITAL REGULATION*

I understand that the above discussion document has recently been published by Ofcom.

After a former career in broadcasting, I recognise that there are many competitive forces with digital broadcasting and the internet. I do hope, however, that Ofcom will do all it can to ensure that Commercial Radio continues to thrive in the digital future. It should remain an important medium in this country.

I hope that you will consider my support for Commercial Radio during your discussions.

Yours sincerely
