

Kiltarlity Community Council

Kiltarlity Community Council favours an approach as follows:

1. Delegation of power of objection to local authorities provided they have a satisfactory arrangement for local consultation including community councils with some safeguard to ensure this is in place
2. Prior agreement on definition of a site
3. Extension of response period to at least 90 days
4. Agreed guidelines on grounds for objection
5. BT right of appeal
6. No revenue qualification which would enable removal of emergency access.
