# Questions and responses: Kismat Radio

*These are the responses received from Kismat Radio to the non-confidential questions asked by Ofcom regarding the group's application for the Manchester licence.*

**1. As per question 5(b) of the application form, please could you confirm whether you intend to broadcast any automated output, and if so what the maximum extent of this would be.**

We do not intend to broadcast any automated output on Kismat in Manchester.

Kismat Radio does not run all-speech programmes followed by music blocks that might be automated. Speech and music are interwoven throughout programming, requiring active presentation, discussion and control. Kismat Radio Manchester would function in the same manner.
