

OfW 368: Application form for a Licence in the 71.125-75.875 GHz and 81.125-85.875 GHz bands (March 2007)

1. Please read guidance notes OfW369 for additional information, available from:
<http://www.ofcom.org.uk/radiocomms/ifi/licensing/classes/fixed/scl/>
2. It is a requirement of the Wireless Telegraphy Act 2006 that no radio equipment shall be installed or used in the UK, except under the authority of a licence granted unless it is licence exempted. It is a condition of such a licence that the performance of the equipment must meet the minimum licensing requirements specified in the Interface Requirement 2000.
3. The Wireless Telegraphy (Licence Charges) Regulations 2005 set out the fees for licences to use radio equipment issued under the Wireless Telegraphy Act.
4. The licence fee is £50 which includes the charge for registration of the first link for the first year of the licence. Please enclose the fee with your application and make cheques or postal orders payable to 'Ofcom'.
5. Please complete this form in dark ink.
6. Incorrectly completed application forms will be returned to the applicant.
7. Please send your completed application form to:
