

COMMUNICATIONS PROVIDER IDENTITY (“CUPID”) CODE APPLICATION

CUPIDs (previously known as Licenced Operator Identity – LOPID – codes) are three-digit codes of the format eg. ‘625’ that may be used for administrative purposes.

CUPIDs may be a prerequisite on specific forms used by the electronic communications industry to request services such as Number Portability arrangements, Data Management Amendments (DMA), orders on phone book entries, etc.

Definitions and Interpretation

1. Except in so far as the context otherwise requires, words or expressions shall have the meaning assigned to them. Otherwise, any word or expression shall have the same meaning as it has-

- (i) in the National Telephone Numbering Plan published by the Director on 22nd July 2003 pursuant to section 56 of the Communications Act 2003 (the ‘Act’);
- (ii) if, and only if, it has no meaning ascribed as mentioned in (i) above, and only if the context so permits, in General Condition 17 (entitled ‘Allocation, Adoption and Use of Telephone Numbers’) in Part 2 of the Schedule to the Notification published by the Director on 22nd July 2003 under section 48(1) of the Act;
- (iii) if, and only if, it has no meaning ascribed as mentioned in (i) and (ii) above, and only if the context so permits, in paragraph 1 of Part 1 of the Schedule to the Notification published by the Director on 22nd July 2003 under section 48(1) of the Act; and
- (iv) if, and only if, it has no meaning ascribed as mentioned in (i), (ii) and (iii) above, and only if the context so permits, in the Act.

2. The Interpretation Act 1978 shall apply as if this Application Form were an Act of Parliament.

(Applicants should ensure that all sections have been completed where relevant – incomplete Application Forms may not be processed within the 3-week deadline).

5. Telephone Numbers – CUPIDs required:

State:

- a) how many CUPID codes are required (Ofcom will select the actual codes – you do not need to select the codes);
- b) for each CUPID required, state whether the CUPID is for National use or Regional use; and
- c) provide a justification where more than one CUPID code is required.

6. Adoption of existing Telephone Numbers - CUPIDs:

Consistent with its duty in the Communications Act 2003 to secure best use of numbers Ofcom requires a justification for applying for further numbering capacity.

Therefore:

- a) provide details of any CUPID codes you have been allocated to date; and
- b) provide a justification for a further CUPID code(s).

Form S17 - Annex A

A1. Confirmation of Status:

Oftel generally only Allocates Telephone Numbers to providers of Public Electronic Communications Networks.

Oftel may also Allocate numbers, where number resource implications do not preclude allocation, to providers of a Public Electronic Communications Service. Oftel would also normally expect to see that the provider has arrangements in place for its service to be carried over a network, and, where appropriate, would usually expect the provider to have taken reasonable steps to seek a sub-allocation of Telephone Numbers of the type applied for prior to making the application.

Providers of Public Electronic Communications Networks

It is not Oftel's intention for a Communications Provider to be assessed more than once to determine whether or not it is a provider of a Public Electronic Communications Network.

Therefore, please now complete question A4. If you have answered 'yes' to question A4(a), you do not need to answer questions A1 (a) and (b) below.

If you have not registered i.e. you have answered no to question A4 (a), Oftel needs certain information from you in order to determine whether or not you are a provider of a Public Electronic Communications Network.

Please provide details of:

a) the Electronic Communications Network on which the Telephone Numbers applied for are intended to be Adopted;

(a diagram may be useful to assist Oftel in assessing your eligibility for Telephone Numbers)

b) the Electronic Communications Service which you are intending to provide over that network.

Providers of Public Electronic Communications Services

In order to determine whether or not you are a provider of a Public Electronic Communications Service, Oftel needs certain information from you. Please provide details of:

c) the Electronic Communications Service which you are intending to provide with the Telephone Numbers applied for. Please also provide details of the network on which the numbers you are applying for will be Adopted.

A2. Applications from providers of Public Electronic Communications Services

If you are applying for Telephone Numbers as a provider of Public Electronic Communications Services, where appropriate Oftel would usually expect your company to have already taken reasonable steps to obtain a sub-allocation of Telephone Numbers of the type you are applying for from a provider of a Public Electronic Communications Network.

- a) Have you taken steps to obtain a sub-allocation of Telephone Numbers of the type for which you are applying? If not, would you please provide a justification for that; and
- b) If you have taken steps, would you provide a brief description of the steps you have taken, and state why did you not obtain a sub-allocation?

A3. Interconnection arrangements

Describe your Interconnection arrangements (or those of the provider of a Public Electronic Communications Network on whose network the Telephone Numbers applied for would be Adopted), if any, with other Communications Providers – a simple network diagram may be useful.

A4. Register of providers of Public Electronic Communication Networks

Oftel maintains a voluntary register of providers of Public Electronic Communications Networks.

- a) Is your company listed on this register?
- b) If so, under which name is your company registered?
- c) If different from b), what is the 'trading name' under which your company will sub-allocate the Telephone Numbers applied for in this application?
