Fair and effective competition

Section 316 of The Communications Act

- (1) The Licensee shall:
- (a) not enter into or maintain any arrangement, or engage in any practice, which is prejudicial to fair and effective competition in the provision of licensed services or of connected services; and
 - (b) comply with any code or guidance for the time being approved by Ofcom for the purpose of ensuring fair and effective competition in the provision of licensed services or of connected services; and
 - (c) comply with any direction given by Ofcom to the Licensee for that purpose.

For the purposes of this Condition 11 (1), "**connected services**" and "**Licensed Service**" have the meanings given to them under Section 316(4) of the Communications Act.

Section 12 (1) (f) of the 1996 Act

- (2) In the terms on which the Licensee contracts, or offers to contract, for the broadcasting of digital television programme services, digital sound programme services or digital television additional services, the Licensee shall not show undue discrimination either against or in favour of a particular person providing such a service or a class of such persons.

- Section 12 (1) of the 1996 Act (3) The Licensee shall not enter into any agreement with a person providing a digital television programme service, a digital sound programme service or digital television additional services (the "**service provider**") which entitles the service provider to use a specified amount of digital capacity on the Frequencies or any of them and contains a restriction of the nature referred to in Condition 11 (4), save to the extent that the restriction is reasonably required for the purpose of ensuring the technical quality of the broadcasts or for the purpose of securing compliance with any other Condition in the Licence.
- Section 12 (1) of the 1996 Act (4) The restriction referred to in Condition 11 (3) is such that it restricts the service provider's freedom to make arrangements with some other person as to the use of any of the digital capacity on the Frequencies or any of them which the service provider is entitled to use.
- (5) Condition 11 (3) shall be without prejudice to the Licensee's obligations to satisfy the Conditions set out in the Annex.
- (6) The Licensee shall do all he reasonably can to facilitate the reception of the Licensed Service on open standard digital television sets and the Licensee shall not discriminate against any person, or a class of such persons, purchasing such a television set. Without prejudice to the generality of the foregoing, the Licensee will give all reasonable technical support for the purpose of the development and/or production of an implementation of the conditional access system used by the Licensee in a form appropriate for connection to an open-standard digital television set provided that the Licensee shall be entitled with the approval of Ofcom (such approval not to be unreasonably withheld) to impose conditions concerning security of transactions undertaken by using that implementation. For the purposes of this Condition, an open-standard digital television set is a television set which:
- (a) contains an integrated decoder;
 - (b) does not contain an embedded conditional access system; and
 - (c) is fitted with a standardised socket which permits the connection of the conditional access system used by the Licensee for the purpose of the reception of the Licensed Service.

- (7) Without prejudice to the generality of Condition 11 (1) and (2), the Licensee shall ensure that in the event that it becomes possible for the digital capacity available to the Licensee to be used for a greater number of digital television programme services than the number of digital television programme services set out in Part I of the Annex, his choice of provider of any further digital television programme services is not constrained by any option or right previously granted to any person to provide such services.
- (8) Condition 11(7) does not apply to the provision of the digital television programme services by the holder of the Channel 5 licence and by
 - (a) the Welsh Authority, or
 - (b) the Welsh Authority and one or more qualifying companies of the Welsh Authority which either is or are controlled by the Welsh Authority
 on digital capacity referred to in Condition 7(1).
- (9) Without prejudice to Condition 11 (2) and to the fulfilment of the Conditions set out in the Annex to this Licence, the Licensee shall ensure that any allocation of capacity in respect of the Licensed Service or any refusal to allocate such capacity made by it has complied with the Licensee's principles to ensure the fair, reasonable and non-discriminatory allocation of such capacity, as published within 7 days from 7 October 2005.

- (3) The Licensee shall inform Ofcom of any circumstances or events which would give rise to a breach of the Licensee's obligations imposed on him by or under Schedule 2 of the 1990 Act or a contravention of the requirements imposed by or under Schedule 14 to the Communications Act immediately upon becoming aware of such circumstances or events.

13. Transferability of the Licence

Section 3 (6) and (7) of the 1996 Act

14. Compliance

Sections 4(1)(a) and 4 (2) (a) of the 1996 Act

The Licensee shall comply with any direction given to him by Ofcom in respect of any matter, subject or thing which direction is in the opinion of Ofcom appropriate, having regard to any duties which are or may be imposed on it, or on the Licensee, by or under the 1990 Act, the 1996 Act or the Communications Act or any relevant international obligations.

Section 12 (3) of the 1996 Act Section 9(2)(c) of the 1996 Act	(2) If the Licensee applies to Ofcom for the variation of Conditions in the Annex which relate to the characteristics of the digital television programme services to be broadcast in the Licensed Service, Ofcom shall permit the variation requested unless it appears to Ofcom that, if the application were granted, the capacity of so much of what is broadcast under the licence as consists of digital television programme services or of such services together with digital sound programme services, to appeal to a variety of tastes and interests would be unacceptably diminished provided that in deciding whether or not to permit such variation, Ofcom may have regard to the digital television programme services broadcast in all the television multiplex services for the time being provided by the Licensee or any connected person in relation to the Licensee.

18. Notices and service

 - (ii) specifying the respects in which, in the opinion of Ofcom, the Licensee is failing to comply with any such Condition or direction; and

- 16.** If the Licensee provides evidence satisfactory to Ofcom that delays in granting the necessary permissions make it impracticable for the Licensee to comply with the above timetable in respect of any station, the Licensee shall commence broadcasting from that station as soon as reasonably practicable after the permissions have been granted.

S4C2: Summary of Programme Proposals

- 22.** S4C2 will start broadcasting in September 1999.
- 23.** Transmission hours will vary slightly from day to day. They will be within the period 09.30-18.00 but will sometimes be slightly shorter than this. The service will initially broadcast three days a week but the planned coverage of committees could take this to four or five days a week.
- 24.** The service on the DTT platform will mainly broadcast in Wales but with some overspill into England resulting from the pattern of transmitter coverage.
- 25.** The service will initially consist of live coverage of the National Assembly for Wales. The daily programming will start with an introduction in the morning and finish with analysis and round-up at the end of the day. It is planned that there will be some level of interactivity between viewers and politicians – via telephone and e-mail in the first instance. However, the vast majority of the material will be the debate. This will be provided by live feed from the Assembly building to the BBC who then package it with analysis and discussion.
- 26.** Approximately 100% of programme hours will consist of original productions or commissions, i.e. programmes which have been made specifically for S4C2 (whether or not S4C2 is also transmitted on other platforms) rather than for other services, including repeats of these programmes. However, the live feed of the Assembly will be made available to other broadcasters who may use it for the purposes of news bulletins and similar programmes.
- 27.** Approximately 100% of programme hours will consist of first-run programmes, i.e. programmes which have not previously been shown on S4C2. They include both original productions/commissions and acquired programmes.

28. Cooperation and coordination with other parties

The Licensee shall use all reasonable endeavours to cooperate in all respects, including promptly and in good faith, with:

- (a) other Ofcom licensees;
- (b) Government;
- (c) Digital UK; and
- (d) with such other parties, as necessary, or as notified to him by Ofcom,

in the administration, organisation or implementation of Digital Switchover in the United Kingdom.

29. Annual report and information relating to Digital Switchover

Without prejudice to the requirements of Conditions 8 and 9 of the Schedule in respect of the provision of information to Ofcom, the Licensee shall prepare and submit to Ofcom an annual written report giving details of his compliance with Condition 2 of the Schedule (in respect of the provision of the Licensed Service in the Licensed Area) and Condition 20 of the Schedule requiring compliance with Parts 9, 10 and 11 of the Annex, and where relevant of his plans (including budgets and expenditure) in the following year to fund the rolling-out of equipment and/or infrastructure relating to Digital Switchover. Subject to prior written approval of Ofcom, this obligation may be discharged by means of consolidated or joint reports prepared in liaison with other Ofcom licensees with relevant duties.

The Licensee shall provide the first such report to Ofcom by the 31 December 2007 and shall provide a subsequent report annually thereafter on or by the anniversary of that date until the Digital Switchover Date or until such earlier date as Ofcom may notify to the Licensee for submission of the last such annual report.

The Licensee shall also supply to Ofcom such further interim reports in respect of any aspect of progress towards Digital Switchover as Ofcom may from time to time reasonably require.

30. Communications with viewers

- (1) The Licensee shall use his reasonable endeavours to ensure that all viewers of the Licensed Service are informed about:

- (a) changes in frequencies associated with Digital Switchover which necessitate a rescan of set top boxes and how a rescan can be completed; and
 - (b) other viewer actions required by Digital Switchover which relate to obligations contained in this Licence which are notified to the Licensee by Ofcom.
- (2) The Licensee shall agree in writing with Ofcom, at least eighteen months before the Relevant Digital Switchover Date, a plan to fulfil the obligations required under paragraph 30(1) above.
- (3) For the avoidance of doubt, the duties in 30(1) may be discharged by the Licensee himself, or by Digital UK and/or by another third party, on behalf of the Licensee.

ANNEX: PART 10**DIGITAL SWITCHOVER DATE AND SEQUENCE FOR REGIONAL DIGITAL SWITCHOVER****31. Digital Switchover Date**

The Digital Switchover Date shall be 31 December 2012, or such other date as may be fixed for Digital Switchover by the Secretary of State or as may be agreed between Ofcom and the Licensee subsequent to 19 February 2007.

32. Region by region sequence for Digital Switchover, and Relevant Digital Switchover Dates

Digital Switchover shall take place in a sequence based upon the cessation of broadcasting of the Licensed Service from the transmission sites listed in Part 6 of the Annex and the broadcasting of the Licensed Service from the transmission sites listed in Part 11 of the Annex, using the relevant frequencies and transmission parameters set out in that Part 11, and in accordance with the order set out for main stations across all of the UK in Table 2 below.
