Dear Mr. Richards,

Valleys Radio has a distinct identity; it broadcasts true local news content that people cannot get elsewhere and presents life from a valley perspective throughout Islwyn.

It is my understanding that Valleys Radio is submitting plans to Ofcom that will see them co-locate with Swansea Sound and the Wave in a single South Wales headquarters.

The co-location proposals are an exciting development that will bring additional investment and will ultimately allow Valleys Radio to broadcast on an FM frequency, improving the quality of the signal and reaching a wider audience.

It is for this reason that as the Member of Parliament for Islwyn I am more than happy to lend my support to the proposals. If you require any further information then please do not hesitate to contact me.

Yours sincerely,
