

# Proposal to revoke Code Powers from certain companies

Statutory notification under section 107(6) of the  
Communications Act 2003

Consultation

Publication date: 22 April 2016

Closing Date for Responses: 22 May 2016

# About this document

This document sets out Ofcom's proposal to revoke certain directions granting 'Code powers' to a number of companies.

The grant of Code powers is intended to assist persons that provide an electronic communications network and/or system of conduits. However, it appears to Ofcom that the companies referred to in this consultation are no longer the providers of such a network and/or system of conduits for the purposes of which the Code applies.

## Section 1

# Summary

## Purpose of consultation

- 1.1 Ofcom has granted powers pursuant to the electronic communications code (the “**Code**”) to each of the following companies:
- 1.1.1 Equant UK Limited (with company registration number 4020847);
  - 1.1.2 Fibrespan Limited (with company registration number 4251737);
  - 1.1.3 GT U.K. Ltd. (with company registration number 3342934);
  - 1.1.4 H2O Networks Group (with company registration number 4896797);
  - 1.1.5 Internal Communication Systems Limited (with company registration number 4281502);
  - 1.1.6 Internet Airworks Ltd (with company registration number 5081688);
  - 1.1.7 Telecom New Zealand (UK) Licences Limited (with company registration number 3740281);
  - 1.1.8 Tweedwind Limited (with company registration number 4380682); and
  - 1.1.9 Your Communications Ltd (with company registration number 6859903),
- (together, the “**Relevant Companies**”).
- 1.2 The directions granting Code powers to the Relevant Companies were made under section 106(3) of the Communications Act 2003 (the “**Act**”) <sup>1</sup> and were granted in order to assist those companies in providing an electronic communications network and/or system of conduits which they were making available, or proposing to make available, for use by providers of electronic communications networks for the purposes of the provision by them of their networks.
- 1.3 However, it appears to Ofcom that the Relevant Companies are no longer the providers of an electronic communications network or conduit system for the purposes of which the Code applies. As a result, this document sets out Ofcom’s proposal to revoke the directions referred to in paragraph 1.2 above in accordance with sections 107(6), 115(3) and 115(4) of the Act.
- 1.4 Further detail on the Code, and on Ofcom’s power to revoke directions applying the Code in a person’s case, are set out in Section 2 of this document. The reasons for our proposal to revoke each of the directions referred to in paragraph 1.2 above are set out in Section 3 of this document, and our draft direction which would give effect to that revocation is set out in Annex 4 to this document.

---

<sup>1</sup> For those companies that were granted Code powers before the coming into force of section 106(3) of the Act, paragraph 17(2) of Schedule 18 (*Transitional Provisions*) provides that those companies shall be treated as a person in whose case the Code applies by virtue of a direction given by Ofcom.

- 1.5 The closing date for responses to this consultation is 22 May 2016 and stakeholders wishing to respond are directed to Annex 1 for information on how to do so.
- 1.6 We will consider any responses we may receive by the closing date before making our decision as to whether we should give a further direction revoking the directions applying the Code to each of the Relevant Companies.

## Section 2

### Background

#### The Code

- 2.1 The Code is designed to facilitate the installation and maintenance of electronic communications networks<sup>2</sup>. It confers rights on providers of such networks and on providers of systems of conduits which are made available for use by providers of electronic communications networks for the purposes of the provision of those networks, to install and maintain apparatus in, over and under land and results in considerably simplified planning procedures.
- 2.2 The Code only has effect in the case of a person to whom it is applied by a direction given by Ofcom (or, in the case of the Secretary of State or any Northern Ireland department, where the Secretary of State or that department is providing or proposing to provide an electronic communications network)<sup>3</sup>.
- 2.3 The only purposes for which the Code may be applied in a person's case by a direction are the purposes of the provision of:
- 2.3.1 an electronic communications network; or
  - 2.3.2 a system of conduits which he is making available, or proposing to make available, for use by providers of electronic communications networks for the purposes of the provision by them of their networks.

#### The revocation of the Code

- 2.4 Section 115(3) of the Act sets out that Ofcom may revoke a direction applying the Code if, at any time, it appears to Ofcom that the person to whom the Code has been applied is not the provider of a communications network or conduit system for the purposes of which the code applies.
- 2.5 Section 115(4) requires that a revocation under section 115(3) shall be made by a direction under section 106 of the Act to the person in whose case the Code has been applied by the direction being revoked.

#### Statutory consultation process on proposal

- 2.6 Before giving a further direction under section 106 of the Act revoking the Code from the Relevant Companies, Ofcom must publish a notification of its proposal to give the direction and consider any representations about that proposal that are made to Ofcom within the period specified in the notification<sup>4</sup>.
- 2.7 Such a notification must contain the following<sup>5</sup>:
- 2.7.1 a statement of Ofcom's proposal to revoke the direction applying the Code<sup>6</sup>;

---

<sup>2</sup> "Electronic communications network" for the purposes of the Code has the same meaning as in the Act: see Telecommunications Act 1984, Schedule 2, paragraph 1(1) and section 32 of the Act.

<sup>3</sup> Section 106(4) of the Act.

<sup>4</sup> Section 107(6) of the Act.

<sup>5</sup> Section 107(7) of the Act.

- 2.7.2 a statement of Ofcom's reasons for that proposal; and
- 2.7.3 a statement of the period within which representations may be made to Ofcom about the proposal (which period must end no less than one month after the day of the publication of the notification<sup>7</sup>).
- 2.8 The publication by Ofcom of a notification must be a publication in such manner as Ofcom considers appropriate for bringing the notification to the attention of the persons who, in Ofcom's opinion, are likely to be affected by it<sup>8</sup>.
- 2.9 The notification published at Annex 1 to this document is a notification for such purposes, which notification should be read in conjunction with the entirety of this document, including the reasons set out in Section 3.

## **Statutory duties**

### **General duties**

- 2.10 When carrying out its functions, Ofcom is required to act in accordance with its relevant duties set out in sections 3 and 4 of the Act; including its duties to further the interests of citizens in relation to communications matters and to promote the interests of all persons who are citizens of the European Union.

## **Impact assessment and equality impact assessment**

- 2.11 An impact assessment, as defined in section 7 of the Act, must set out how, in our opinion, the performance of our general duties (within the meaning of section 3 of the Act) is secured or furthered by or in relation to what we propose.
- 2.12 There are two main options for this consultation:
  - 2.12.1 give a further direction revoking the direction applying the Code to each of the Relevant Companies; or
  - 2.12.2 not to give such a direction.
- 2.13 The analysis presented in the entirety of this consultation represents an impact assessment.
- 2.14 In carrying out our functions (again, something which includes giving a further direction to revoke the application of the Code), we are also under a general duty under the Equality Act 2010 to have due regard to the need to:
  - 2.14.1 eliminate unlawful discrimination, harassment and victimisation;
  - 2.14.2 advance equality of opportunity between different groups; and
  - 2.14.3 foster good relations between different groups,

<sup>7</sup> Section 107(9) of the Act.

<sup>8</sup> Section 107(10) of the Act.

in relation to the following protected characteristics: age; disability; gender re-assignment; pregnancy and maternity; race; religion or belief; sex and sexual orientation.

- 2.15 Such equality impact assessments (“EIAs”) also assist us in making sure that we are meeting our principal duty under section 3 of the Act.
- 2.16 We have therefore considered what (if any) impact the proposal in this consultation may have on equality. We do not, however, consider the impact of the proposal in this consultation to be to the detriment of any group within society. We have therefore not carried out separate EIAs in relation to race or gender equality, or equality schemes under the Northern Ireland and Disability Equality Schemes.

## Section 3

# Reasons for revocation

## Introduction

3.1 This Section contains our reasons for our proposal to revoke each of the directions applying the Code to each of the Relevant Companies.

## Explanatory Statement

3.2 Having conducted a review of our Register of Code operators against the register of companies maintained by Companies House, it has come to Ofcom's attention that each of the Relevant Companies have been dissolved or placed into liquidation.

3.3 In particular, Companies House records show that:

3.3.1 Equant UK Limited was dissolved on 15 April 2014;

3.3.2 Fibrespan Limited was dissolved on 21 January 2014;

3.3.3 GT U.K. Ltd. was dissolved on 27 October 2009;

3.3.4 H2O Networks Group has been the subject of a creditors' voluntary liquidation since 30 March 2012 (with liquidators appointed on 3 April 2012);

3.3.5 Internal Communication Systems Limited has been the subject of a creditors' voluntary liquidation since 30 October 2014 (with liquidators appointed on that same date);

3.3.6 Internet Airworks Ltd was dissolved on 12 December 2008;

3.3.7 Telecom New Zealand (UK) Licences Limited was dissolved on 30 April 2013;

3.3.8 Tweedwind Limited was dissolved on 19 June 2012; and

3.3.9 Your Communications Ltd was dissolved on 5 July 2011.

3.4 In light of the above, it appears to Ofcom that each of the Relevant Companies is no longer the provider of an electronic communications network or conduit system for the purposes of which the Code applies.

3.5 Accordingly, Ofcom considers it appropriate to propose the issuance of a further direction, under sections 107(6), 115(3) and 115(4) of the Act, revoking each of the directions applying the Code to the Relevant Companies.

3.6 In considering this proposal, Ofcom considers that it has acted in accordance with its relevant duties set out in sections 3 and 4 of the Act in particular its duty to further the interests of citizens in relation to communications matters and to promote the interests of all persons who are citizens of the European Union.

3.7 Ofcom does not believe that the revocation of Code powers in these cases is contrary to its duties set out in the Act and will not prove to be detrimental to the interests of citizens in relation to communications matters. As each of the Relevant Companies

are now either dissolved entities or will be dissolved in due course, the revocation of Code powers from each of the Relevant Companies is likely to have little, if any, effect.

## Annex 2

# Ofcom's consultation principles

A2.1 Ofcom has published the following seven principles that it will follow for each public written consultation:

### Before the consultation

A2.2 Where possible, we will hold informal talks with people and organisations before announcing a big consultation to find out whether we are thinking in the right direction. If we do not have enough time to do this, we will hold an open meeting to explain our proposals shortly after announcing the consultation.

### During the consultation

A2.3 We will be clear about who we are consulting, why, on what questions and for how long.

A2.4 We will make the consultation document as short and simple as possible with a summary of no more than two pages. We will try to make it as easy as possible to give us a written response. If the consultation is complicated, we may provide a shortened Plain English Guide for smaller organisations or individuals who would otherwise not be able to spare the time to share their views.

A2.5 We will consult for up to 10 weeks depending on the potential impact of our proposals.

A2.6 A person within Ofcom will be in charge of making sure we follow our own guidelines and reach out to the largest number of people and organisations interested in the outcome of our decisions. Ofcom's 'Consultation Champion' will also be the main person to contact with views on the way we run our consultations.

A2.7 If we are not able to follow one of these principles, we will explain why.

### After the consultation

A2.8 We think it is important for everyone interested in an issue to see the views of others during a consultation. We would usually publish all the responses we have received on our website. In our statement, we will give reasons for our decisions and will give an account of how the views of those concerned helped shape those decisions.

## Annex 3

# Consultation response cover sheet

- A3.1 In the interests of transparency and good regulatory practice, we will publish all consultation responses in full on our website, [www.ofcom.org.uk](http://www.ofcom.org.uk).
- A3.2 We have produced a coversheet for responses (see below) and would be very grateful if you could send one with your response (this is incorporated into the online web form if you respond in this way). This will speed up our processing of responses, and help to maintain confidentiality where appropriate.
- A3.3 The quality of consultation can be enhanced by publishing responses before the consultation period closes. In particular, this can help those individuals and organisations with limited resources or familiarity with the issues to respond in a more informed way. Therefore Ofcom would encourage respondents to complete their coversheet in a way that allows Ofcom to publish their responses upon receipt, rather than waiting until the consultation period has ended.
- A3.4 We strongly prefer to receive responses via the online web form which incorporates the coversheet. If you are responding via email, post or fax you can download an electronic copy of this coversheet in Word or RTF format from the 'Consultations' section of our website at [www.ofcom.org.uk/consult/](http://www.ofcom.org.uk/consult/).
- A3.5 Please put any parts of your response you consider should be kept confidential in a separate annex to your response and include your reasons why this part of your response should not be published. This can include information such as your personal background and experience. If you want your name, address, other contact details, or job title to remain confidential, please provide them in your cover sheet only, so that we don't have to edit your response.
