There were no withdrawn lot licences, as no bidder won lots in accordance with regulations 39 or 40 (following the withdrawal of standing high bid status).

There were no winning bidders who, following the passing of the deadline under regulation 106, had an amount on deposit which was less than the total auction sum payable by them to Ofcom.

We have separately published details of all valid principal stage bids, valid withdrawals of standing high bid status, valid assignment stage bids made by each bidder, and occurrences of an eligibility event in respect of each bidder, under regulation 111(d). Please see the auction data excel files published alongside this document.
