Subject: RE: Proposed Valleys Radio, Swansea Sound & The Wave Co-location

Dear Eleanor Edwards,

For the attention of Ofcom re above.

I wish to re-affirm my total commitment and support for the Valleys Radio, Swansea Sound and the Wave co-location plan to the Swansea Gate Park which is within my Aberavon constituency.

This will be an ideal location for the radio station as it will be in one of the most rapidly growing centres of the Welsh economy, strategically midway between the new Swansea University campus and the new Amazon Development, alongside also major new sports and leisure developments.

The radio station would be at the heart of an important regional knowledge economy and would make a significant contribution to it,

Yours sincerely,

Dr Hywel Francis MP (Aberavon)
