**Question 6.2: Do you agree that a price control is not an appropriate option at present for regulating Royal Mail's prices? If not, please explain why and how a price control could be implemented effectively.:**

I live in Northern Ireland and shop on Bay and Amazon and some sellers can charge 3 times the postage rate and some refuse to send to Northern Ireland. I think there should be one postage rate for all of the UK For small packages. If I buy something from Hong Kong or USA the postage will be the same for all UK. We are being ripped off in Northern Ireland
