PROTECT - CONTRACTS

S40

In accordance with the agreed, but not yet signed, MoU I write to provide notice of the commencement of testing of the equipment in S31 HMP Shotts

We intend to S31 supplier & CAST acceptance testing of an installed IMSI Grabber on the 10th March 2014 at HMP Shotts.

Subject to successful testing and the addressing of any issues which arise on either of our parts in the testing phase, we intend to deploy on or around the 1 April. You should note that it is our intention to only deploy in these sites for the foreseeable future and at least the next financial year. Given this I would welcome thoughts on the need to notify you on a quarterly basis of the equipment deployed (as required in para 10 of the MoU).

S31 ..

Should you require any further information or have any concerns please do let me know.
