

Robert Linton on behalf of CYSM Ltd

Question 1: Do you agree with the proposal to revise Key Commitments as set out in this consultation? Please explain the reasons for your view.:

Although in some ways CSR FM welcomes a more flexible approach to its Key Commitments, it also recognises that they represent an important set of guidelines for our ever changing team of volunteers, both student and community members. To this end, they will continue to be reflected in our forward strategy document (most recent edition attached) even if they are now able to be refreshed from time to time.
