

The Breeze – Question and Answer (non-confidential)

I have one question relating to the three full time journalists you have employed. Can you confirm if they are solely doing bulletins for Bristol or whether they are preparing bulletins for the other areas (Bath, Warminster, Bridgewater & West Somerset, Yeovil and Shaftesbury) too?

All of our journalists work across multiple TSAs and outputs and Bristol is no exception. Whilst based in the city, these three full-time journalists also produce and source news for our other south-west markets including Bath, Swindon and Weston-super-Mare. Our Head of News and Information also works in Bristol one day a week.
