

Stakeholder queries on Ofcom's consultation of 31 March 2011 on charge control review for LLU and WLR services

Theme: Jumpering

Stakeholder	Condoc page no.	Condoc para. ref.	Stakeholder query	Ofcom response
Talk Talk	126	§8.42	What are the other options for jumpering in the exchange?	For example, one option might involve connecting directly to the evoTAM, another option might involve an extra intermediate frame to provide flexibility.
Talk Talk	57	§4.90	In what situations is a jumper removal carried out?	Our understanding is as requested by CPs.
Talk Talk	62	Fig 4.8	Why is the cost of SMPF transfer less than MPF transfer (they both involve two jumper changes, under the inefficient MPF double jumper arrangement) ?	MPF has a higher usage factor on Service Centre - Provision for LLU as set out in published models
