**Question 5.1: Do you agree with the assumptions set out in paragraph 5.86 above? If not, please set out your reasons.:**

**Question 6.1: Do you agree with our proposal to impose a regulatory condition on Royal Mail to require it to provide the universal service as set out above? If not, what alternative approach would you suggest?:**

Why does the UK require a six day Postal delivery service? The majority of organisations sending mail work five days a week. The majority of non-Royal Mail courier companies deliver five days a week (Monday - Friday) . The majority of other public utility companies provide a non-emergency service five days a week (Monday - Friday).

I do not need nor do I want a postal delivery service on Saturday.

If there is urgent correspondence requiring immediate attention it will, in the main, be delivered electronically.
