### **Freedom of Information: Right to know request**

Thank you for your request for information about TV and FM radio broadcast coverage data.

This was received by Ofcom on 1 November and it has been considered under the Freedom of Information Act 2000.

You asked:

*Are you able to provide coverage maps (ideally as a perimeter of GPS coordinates) or a similar data set that I can use? The US Federal Communications Commission serves as an example of what I am looking for. The entity provides map data points (360 lat/long pairs per transmitter) for the contour maps of all registered FM radio and TV stations in the US.*

*Alternatively, would it be possible to have a list of all stations available in each post code?*

This is available on our website as we publish licence holder information and coverage maps for TV and Radio: <https://www.ofcom.org.uk/manage-your-licence/radio-broadcast-licensing/look-up-radio-station-details>.

If you have any queries, please contact [information.requests@ofcom.org.uk](mailto:information.requests@ofcom.org.uk). Please remember to quote the reference number above in any future communications.

Yours sincerely,

**Jerin John**
