About this data: Fixed coverage UK and Nations

To create our [Connected Nations 2023 report](#), Ofcom collected and analysed data from 60 fixed network providers. This file provides information on fixed broadband coverage for the UK and Nations.

The coverage availability was collected as a snapshot in September 2023. The [Methodology Annex](#) provides details of our approach to collecting and analysing coverage data.

This file contains all data points for September 2023 that are provided on pages 8 and 9 of the Connected Nations 2023 Interactive report.

If you have any questions or feedback on the data, please contact us at open.data@ofcom.org.uk.

We are providing this data on an open basis via the [Open Government Licence](#), which gives users various freedoms about how they choose to use the data, subject to conditions.

The files are provided as a Comma Separated Values file, with double quote (") text delimiters where applicable.
