**Additional comments:**

**Question 1: Do you agree that the existing obligations on Channel 3 and Channel 5 licensees in respect of national and international news and current affairs, original productions, and Out of London productions should be maintained at their current levels? If not, what levels do you consider appropriate, and why? :**

**Question 2: Do you agree with ITV's proposals for changes to its regional news arrangements in England, including an increase in the number of news regions in order to provide a more localised service, coupled with a reduction in overall news minutage? :**

**Question 3: Do you agree with UTV's proposal for non-news obligations should be reduced to 90 minutes a week? If not, what alternative would you propose and why? :**

**Question 4: Do you agree with the proposals by STV to maintain overall minutage for regional content in the northern and central licence areas of Scotland at 5 hours 30 minutes a week, as detailed in Annex 3? If not, what alternative would you propose, and why? :**

**Question 5: Do you agree with the proposals by ITV to maintain the overall minutage for regional content in Wales at 5 hours 30 minutes a week, as detailed in Annex 3? If not, what alternative would you propose, and why? :**

**Question 6: Do you agree with the proposals by ITV to reduce the overall minutage for regional content in the Channel Islands from 4 hours a week to 3 hours 20 minutes as detailed in Annex 3, while maintaining the present provision of a 30 minute early evening regional news programme? If not, what alternative would you propose, and why? :**

**Question 7: Do you have any views on any other aspects of the nations and regions programming and production obligations of the Channel 3 licensees? :**

**Question 8: Which option would you prefer in respect of the news and current affairs in the Border region, and why? :**

I prefer option one because I believe that this best reflects the needs and preferences of people in the Borders. Border television has had high audience figures in the south of Scotland over many years. Even with the difficult arrangements of the past few years, the audience share for local news bulletins has been consistently high. The available research appears to suggest a strong demand for local news provision. As local MP for over 16 years, I have regularly discussed ITV Border provision with my constituents and the vast majority have expressed their support for news and current affairs programmes which are Borders focussed and not dominated by either the central belt of Scotland or the North East of England. My concern is that with the weekly 90 minute non-news programming in option 2, we would lose the Borders focus enjoyed in option 1 with the weekly 30 minute programme.

**Question 9: If option 2 were to be adopted, should ITV be required to provide separate transmission for the Scottish and English parts of the region on DTT? :**

I believe this would be the more relevant and attractive way to proceed, if this option prevails.

**Question 10: If you would prefer a different option to those set out in Questions 8 and 9 above, please explain what, and why:**

n/a

**Question 11: Do you agree that the Border licence should be amended to reduce the proportion of regional production required to a sustainable level? If not, what proposals would you like to make? :**

I believe that ITV Border resources should be focussed on local news gathering.

**Question 12: What views do you have on the proposal by STV and UTV to extend peak time to 11pm, which would extend the window in which they could schedule regional content that must be shown in peak time?:**
