Additional comments:

The loss of our Local Radio Station in North Devon has been a greivous blow to the economy & social fabric of the area. During the recent cold winter the need for local travel news etc was vital. The latest alterations to TV reception has left many parts of the North devon area without any local news coverage as they now receive Welsh Local News. We are told there is nothing wrong with the reception. The situation will be far worse after a digital change over.

Question 1: Do you think that allowing Now Digital to extend the coverage area of its Exeter & Torbay local radio multiplex licence to include North Devon would unacceptably narrow the range of DAB programme services available in the Exeter and Torbay area? Please explain the reasons for your view.:

North Devon needs to keep a FM service.

Question 2: Do you think that allowing Now Digital to extend the coverage area of its Exeter & Torbay local radio multiplex licence to include North Devon would be calculated to maintain or promote the development of digital sound broadcasting in the UK otherwise than by satellite? Please explain the reasons for your view.:

Question 3: Do you think that Now Digital's proposals for providing coverage of North Devon are satisfactory? Please explain the reasons for your view.:

NO. The reception will be poor due to the terrain.

Question 4: Do you consider that Now Digital has the ability to maintain its local radio multiplex service if its request is granted? Please explain the reasons for your view.:

NO. If you listen to the present out put of local radio it is entirely South Devon Based with the North of the county largely ignopred.

Question 5: (For programme service providers on the Exeter & Torbay local radio multiplex only) Do you consider that there are sufficient safeguards in place to protect your rights and interests in the event that Now Digital is permitted to extend coverage to include North Devon?:

No

Question 6: Do you consider that there any other grounds on which Ofcom should approve, or not approve, the request from Now Digital? Please explain the reasons for your view.:
