

Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :

No, I do not want my work, shopping or dog medicine left with my neighbours.

If I am not in I would rather it be redelivered another day.

Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:

Hi I regularly use the royal mail and I do not like their idea to leave my mail with my neighbours if I am not at home.

I regularly have important work, dog medicine which requires a prescription and shopping delivered by the royal mail . I do not wish these items to be left with my neighbour, I'd much rather collect them or have them redelivered.

I am also concerned with the mail I send going missing due to this scheme, I often send parcels out for eBay and I am worried that they may go a miss since they are not being delivered strait to the customer.

Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:
