If you do not agree, please give reasons.</p> <p data-bbox="810 766 1385 1245">I feel strongly that Spirit FM should be left exactly as it is, I listen in on a daily basis and it is a constant companion during my working day. I enjoy the local features and references and would not listen to some generic regionalised broadcast. The reason I listen to Spirit FM is precisely because it is locally based and reflects my local area and its inhabitants. The listening figures are going up I see no logical reason to change the format except to try and save money which I think will result in the demise of the station because the listening figures will collapse and make it unviable.</p> |
