

North Birmingham
Small Scale DAB
Expressions of Interest

Expressions of Interest

The following services and their providers have signed provisional Heads of Terms documents pertaining to carriage on a prospective North Birmingham Small Scale DAB multiplex. Although the Heads of Terms are completely non-binding to both parties in relation to carriage (should our application be successful), they act as a formal indication of interest. Two services have been omitted from the below list, on request of the service involved. One service provider is proposing multiple services.

We also plan to include our Community Radio service, Switch Radio, on the proposed multiplex. Although there are no Heads of Terms required in this instance, Switch Radio is included in the below list for convenience. Switch Radio will apply for a C-DSP licence.

Angel Radio – Angel Radio Ltd

Asian Star Radio – Asian Star
Community Radio Ltd
