Your response

Question	Your response
Question 3.1 Do you agree with our proposals to prohibit	Confidential? – N
direct and indirect revenue sharing with called parties (end-users) on the category 1 number ranges, including UK geographic numbers?	Yes. The FCS welcomes clarity in this area and supports Ofcom's aim of removing potential abuse of revenue sharing which in turn could undermine inclusive bundles.

Confidential? —N Yes. The FCS welcomes clarity in this area and supports Ofcom's aim of removing potential abuse of revenue sharing which in turn could undermine inclusive bundles. The FCS also believes that Ofcom should take the opportunity to review the fees on 084 087 and 09 ranges. There are many examples of extreme bill shock when numbers are accidentally called and this can undermine confidence in the industry. Confidential? —N Yes. The FCS welcomes clarity in this area and supports Ofcom's aim of removing potential abuse of revenue sharing which in turn could undermine inclusive bundles. The FCS also believes that Ofcom should take the opportunity to review the fees on 084 087 and 09 ranges. There are many examples of extreme bill shock when numbers are accidentally called and this can undermine confidence in the industry. Confidential? —N The FCS believes that further work is needed to understand the impact if changes are made in the 07 ranges. There may be unintended consequences and the FCS supports further review in this area.
Confidential? –N Co you agree with our proposals to prohibit direct and indirect revenue sharing with only stalling parties on the category 2 number anges, namely 084 and 087 numbers. Please provide reasons for your view and any elevant evidence. The FCS also believes that Ofcom should take the opportunity to review the fees on 084 087 and 09 ranges. There are many examples of extreme bill shock when numbers are accidentally called and this can undermine confidence in the industry. Confidential? –N Yes.
