Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :

No.

This should not be allowed as it is now commonplace for one to not know ones neighbours and so feel uncomfortable with relying on each other to collect deliveries.

This should also not be used to help build the "big society".

Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:

Don't know.

Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:

No.
