

## **Direction under section 106(3) of the Communications Act 2003 applying the electronic communications code**

### **Background**

1. The Applicant has applied to Ofcom for a direction applying the Code to the Applicant.
2. The date on which Ofcom received a completed application that meets the statutory requirements with respect to the content of an application for a direction applying the Code and the manner in which such an application is to be made was 19 July 2019.
3. By virtue of regulation 3 of the Electronic Communications and Wireless Telegraphy Regulations 2011 (SI 2011 No. 1210), except in cases of expropriation, Ofcom must make its decision within 6 months of receiving the completed application.
4. Prior to giving a decision under section 106(3) of the Act to apply the Code to the Applicant, Ofcom must publish a notification of its proposal to give the direction and consider any representations about that proposal that are made to Ofcom within the period specified in the notification.
5. On 20 September 2019, Ofcom published, in accordance with section 107(6) of the Act, a notification of its proposal to give a direction applying the Code to the Applicant for the reasons set out in the consultation document accompanying that notification. That notification invited representations to Ofcom by no later than 5pm on 21 October 2019.
6. Ofcom received one representation about the proposal. The respondent did not object to the proposal but enquired whether fibre cables installed by the Applicant and other communications providers would be made available on a wholesale basis, so as to promote competition and to reduce network duplication. Ofcom notes that the Applicant has indicated its willingness of offer wholesale services to other communications providers, and that the Electronic Communications Code (Conditions and Restrictions) Regulations 2003 (as amended) requires all communications providers to whom Ofcom has applied the Code to share their communications apparatus where practicable. Ofcom considers it appropriate to apply to the Code to the Applicant.
7. For the reasons set out in the explanatory statement accompanying Ofcom's consultation, Ofcom has had regard, in particular, to each of the matters set out in section 107(4) of the Act. Furthermore, Ofcom has considered and acted in accordance with its general duties in section 3 of the Act and the six Community requirements in section 4 of the Act.

### **Decision**

8. Ofcom hereby directs, in accordance with section 106 of the Act, as follows—
  - (a) the Code shall apply to the Applicant for the purposes of the provision by the Applicant of an electronic communications network; and
  - (b) that application of the Code shall have effect throughout England.
9. This Direction shall take effect on the day it is published.
