

**Additional comments:**

**Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :**

No. This proposal opens the door for selfish and unscrupulous, possibly even criminal, neighbours to exploit decent citizens. It might have worked in 1950s Britain, but not in today's increasingly chaotic and transient society. Not everyone has good neighbours!!! Royal Mail is trying to offload one of its primary duties onto UK citizens, who already pay a high price for its services.

**Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:**

**Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:**

They are an insult to decent UK citizens and should be immediately withdrawn.
