Table 22	Page 57	A5b Urbanity by Crossbreak Base: All respondents
Table 23	Page 60	C1h: How long do you think is a reasonable wait for the earliest possible engineer appointment? Reasonable does not have to mean your 'ideal' situation, but one that would be generally satisfactory to you. Please give your answer in terms of calendar days. by Crossbreak Base: All with landline telephone or broadband
Table 24	Page 64	C1h: How long do you think is a reasonable wait for the earliest possible engineer appointment? Reasonable does not have to mean your 'ideal' situation, but one that would be generally satisfactory to you. Please give your answer in terms of calendar days. by Crossbreak Base: Experienced Provision
Table 25	Page 66	C1h: How long do you think is a reasonable wait for the earliest possible engineer appointment? Reasonable does not have to mean your 'ideal' situation, but one that would be generally satisfactory to you. Please give your answer in terms of calendar days. by Crossbreak Base: Hypothetical provision
Table 26	Page 70	C2: And what would be an unacceptable length of time to wait? Please give your answer in terms of calendar days. by Crossbreak Base: All respondents
Table 27	Page 75	C2: And what would be an unacceptable length of time to wait? Please give your answer in terms of calendar days. by Crossbreak Base: Experienced Provision

Table 28	Page 77	C2: And what would be an unacceptable length of time to wait? Please give your answer in terms of calendar days. by Crossbreak Base: Hypothetical provision
Table 29	Page 82	WTP1: Knowing this, would you accept an installation within 16 days for £5 less? by Crossbreak Base: All with landline telephone or broadband
Table 30	Page 84	WTP2: Would you accept an installation within 14 days for £5 less? by Crossbreak Base: All with landline telephone or broadband
Table 31	Page 86	WTP3: Would you accept an installation within 16 days for £10 less? by Crossbreak Base: All with landline telephone or broadband
Table 32	Page 88	WTP4: Would you accept an installation within 14 days for £10 less? by Crossbreak Base: All with landline telephone or broadband
Table 33	Page 90	WTP5 : Would you be willing to pay £15 more for an installation within 10 days? by Crossbreak Base: All with landline telephone or broadband
Table 34	Page 92	WTP6: Would you be willing to pay £10 more for an installation within 10 days? by Crossbreak Base: All with landline telephone or broadband
Table 35	Page 94	WTP7: Would you be willing to pay £5 more for an installation within 10 days? by Crossbreak Base: All with landline telephone or broadband
Table 36	Page 96	WTP8: Would you be willing to pay £15 more for an installation within 8 days? by Crossbreak Base: All with landline telephone or broadband
Table 37	Page 98	WTP9: Would you be willing to pay £10 more for an installation within 8 days? by Crossbreak Base: All with landline telephone or broadband
Table 38	Page 100	WTP10 : Would you be willing to pay £5 more for an installation within 8 days? by Crossbreak Base: All with landline telephone or broadband
Table 39	Page 102	C3a: Which of the following best describes why you would be unwilling to accept a slower installation at a cheaper price? by Crossbreak Base: All with landline telephone or broadband who are unwilling to accept slower installation.
Table 40	Page 105	C3b: At what price would you need the installation to be reduced for you to accept a 14 day installation? by Crossbreak Base: All with landline telephone or broadband who are unwilling to accept slower installation.
Table 41	Page 107	C4a: Which of the following best describes why you would be unwilling to pay a high price for faster installation? by Crossbreak Base: All with landline telephone or broadband who are unwilling to accept slower installation.

Table 42	Page 111	C4b: At what price would you be willing to pay for an installation in 8 days by Crossbreak Base: All with landline telephone or broadband who are unwilling to accept slower installation.
Table 43	Page 114	C5b: How long do you think it would have been reasonable to wait for the fault to be fixed? 'Reasonable' does not have to mean your 'ideal' situation, but one that would be generally satisfactory to you. Please give your answer in terms of calendar days by Crossbreak Base: All with Landline or Broadband
Table 44	Page 118	C5b: How long do you think it would have been reasonable to wait for the fault to be fixed? 'Reasonable' does not have to mean your 'ideal' situation, but one that would be generally satisfactory to you. Please give your answer in terms of calendar days by Crossbreak Base: Experienced Loss of Landline or Broadband
Table 45	Page 120	C5b: How long do you think it would have been reasonable to wait for the fault to be fixed? 'Reasonable' does not have to mean your 'ideal' situation, but one that would be generally satisfactory to you. Please give your answer in terms of calendar days by Crossbreak Base: Hypothetical loss of landline or broadband
Table 46	Page 124	C6 : And what would be an unacceptable length of time to wait?.Please give your answer in terms of calendar days by Crossbreak Base: All with landline telephone or broadband
Table 47	Page 128	C6 : And what would be an unacceptable length of time to wait?.Please give your answer in terms of calendar days by Crossbreak Base: Experienced Loss of Landline or Broadband
Table 48	Page 130	C6 : And what would be an unacceptable length of time to wait?.Please give your answer in terms of calendar days by Crossbreak Base: Hypothetical loss of landline or broadband
Table 49	Page 134	LOS.WTP1: Knowing this, having lost service would you accept a repair within 3 days for £5 off your next bill? by Crossbreak Base: All with landline telephone or broadband
Table 50	Page 136	LOS.WTP2: Having lost service would you accept a repair within 3 days for £10 off your next bill? by Crossbreak Base: All with landline telephone or broadband
Table 51	Page 138	LOS.WTP5 : Having lost service would you pay £15 for a repair within 1 day? by Crossbreak Base: All with landline telephone or broadband
Table 52	Page 140	LOS.WTP6: Having lost service would you pay £10 for a repair within 1 day? by Crossbreak Base: All with landline telephone or broadband
Table 53	Page 142	LOS.WTP7: Having lost service would you pay £5 for a repair within 1 day? by Crossbreak Base: All with landline telephone or broadband
Table 54	Page 144	LOS.WTP8: Having lost service would you pay £15 for a repair on the same day? by Crossbreak Base: All with landline telephone or broadband

Table 55	Page 146	LOS.WTP9: Having lost service would you pay £10 for a repair on the same day? by Crossbreak Base: All with landline telephone or broadband
Table 56	Page 148	LOS.WTP10 : Having lost service would you pay £5 for a repair on the same day? by Crossbreak Base: All with landline telephone or broadband
Table 57	Page 150	C7a: Which of the following best describes why you would be unwilling to accept a slower repair time for a discount off your next bill? by Crossbreak Base: All unwilling to accept a slower repair time
Table 58	Page 152	C7b : How much would you want off your next bill if you needed to wait 3 days for a repair? by Crossbreak Base: Discount insufficient
Table 59	Page 154	C8a: Which of the following best describes why you would be unwilling to pay a price for a faster repair? by Crossbreak Base: All unwilling to pay a price for a faster repair
Table 60	Page 158	C8b: At what price would you be willing to pay for a repair within 1 day? by Crossbreak Base: Prices to high for faster repair
Table 61	Page 159	C10 :This time there is a loss of service on your mobile phone network, in an area where you'd normally have good reception. How long do you think it is reasonable for the maximum wait until your provider has successfully resolved the fault? by Crossbreak Base: All with a mobile phone
Table 62	Page 163	C11: And what would be an unacceptable length of time to wait? Please give your answer in terms of hours. by Crossbreak Base: All with a mobile phone
Table 63	Page 167	C10 :This time there is a loss of service on your mobile phone network, in an area where you'd normally have good reception. How long do you think it is reasonable for the maximum wait until your provider has successfully resolved the fault? by Crossbreak Base: Experienced Loss of service for Mobile
Table 64	Page 169	C11: And what would be an unacceptable length of time to wait? Please give your answer in terms of hours. by Crossbreak Base: Experienced Loss of service for Mobile
Table 65	Page 171	C10 :This time there is a loss of service on your mobile phone network, in an area where you'd normally have good reception. How long do you think it is reasonable for the maximum wait until your provider has successfully resolved the fault? by Crossbreak Base: Hypothetical loss of Mobile phone
Table 66	Page 175	C11: And what would be an unacceptable length of time to wait? Please give your answer in terms of hours. by Crossbreak Base: Hypothetical loss of Mobile phone
Table 67	Page 179	F1: Is your home...? by Crossbreak Base: All respondents

Table 68 Page 181 F2: How many adults (aged 16+) live in your household?
by Crossbreak
Base: All respondents

Table 69 Page 183 F3 : And how many children? (under 16)?
by Crossbreak
Base: All respondents
