

**Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :**

No. You should have to opt into this service not have to opt out of this service.

**Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:**

It stigmatises the person who displays the sticker. Any existing bullying bad neighbour relations will be exasperated/escalated. the sticker is basically advertising the fact that you do not trust your neighbours. What is there to stop a neighbour who DOES hand a parcel over to the correct addressee being falsely acused of keeping the parcel.

**Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:**

Ridiculous, if a you have to opt into the donor scheme why can't you opt into this one rather than have to opt out.
