international clearances, it may (at its own cost and expense) at any time be required by Ofcom to make any change in its transmission arrangements which may be necessary in order to give effect to the international obligations of the United Kingdom (which may, without limitation, include modifying, supplementing or replacing any equipment used in the transmission of the local television services). Without prejudice to any other provision of this Licence, Ofcom shall have no liability for any cost, expense or consequential loss incurred by the Licensee and resulting directly or indirectly from actions required to be taken by the Licensee in order to comply with such international obligations of the United Kingdom.
