Question 1: Should Ofcom exercise its discretion to consent to the application to vary the Winchester small-scale multiplex licensed area, with regard to the statutory and policy considerations set out in this document?	Confidential? – N Yes It would be a local community loss if this consent was not granted. It is unfortunate that some people will lose coverage but that is a much better outcome than a total loss. The overall increase in the number of people covered is to be welcomed.
Question 2: With reference to our impact assessment, do you agree with our assessment of the potential impacts of approving this application?	Confidential? – N Yes
