

Dear David Taylor,

'As one of your constituents I am writing to ask you to lend your support to the Terminate the Rate campaign and sign the Early Day Motion (EDM) 1531.

As you may be aware, at their current level the Mobile Termination Rates (MTRs) create an artificial price floor for call charges to mobiles, significantly inflate the cost of calling a mobile and add to the billions which consumers pay each year to mobile phone companies. Terminate the Rate is a campaign to lower these excessive costs and to get a better deal for the consumer.

I hope that you will agree with me that it is time that Ofcom dramatically reduced MTRs and delivered a better deal for me and other hard pressed constituents.'

Yours sincerely,
Louise Moorcroft-Charlton
