

Representing:

Self

Organisation (if applicable):

What do you want Ofcom to keep confidential?:

Keep name confidential

If you want part of your response kept confidential, which parts?:

Ofcom may publish a response summary:

Yes

I confirm that I have read the declaration:

Yes

Ofcom should only publish this response after the consultation has ended:

You may publish my response on receipt

Additional comments:

restrictions needed

Question 1: How enduring do you think congestion problems are likely to be on different networks and for different players?:

congestion will be on all networks and will not be enduring

Question 2: What do you think are possible incentives for potentially unfair discrimination?:

greed

Question 3: Can you provide any evidence of economic and or consumer value generated by traffic management? :

internet is too slow

Question 4: Conversely, do you think that unconstrained traffic management has the potential for (or is already causing) consumer/citizen harm? Please include any relevant evidence. :

yes slow access to information

Question 5: Can you provide any evidence that allowing traffic management has a negative impact on innovation? :

no impact on innovation as the majority of users would have reasonable traffic speed only the greedy want all the bandwidth to themselves.

Question 6: Ofcom's preliminary view is that there is currently insufficient evidence to justify ex ante regulation to prohibit certain forms of traffic management. Are you aware of evidence that supports or contradicts this view? :

yes my download and upload speeds are very slow

Question 7: Ofcom's preliminary view is that more should be done to increase consumer transparency around traffic management. Do you think doing so would sufficiently address any potential concerns and why?:

agree. the greedy won't agree.

Question 8: Are you aware of any evidence that sheds light on peoples' ability to understand and act upon information they are given regarding traffic management?:

normal people understand , greedy people do not

Question 9: How can information on traffic management be presented so that it is accessible and meaningful to consumers, both in understanding any restrictions on their existing offering, and in choosing between rival offerings? Can you give examples of useful approaches to informing consumers about complex issues, including from other sectors?:

your introduction about bit torrent says it all.

Question 10: How can compliance with transparency obligations best be verified?:

the same as is done now

Question 11: Under what circumstances do you think the imposition of a minimum quality of service would be appropriate and why? :

using bit torrent
