

Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :

No

Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:

Please make this scheme opt in not opt out. I live in a close street but I do not want to put my elderly and stay at home neighbours in the position of having to constantly take in my ebay purchases. The sticker only makes me look bad in the street as it implies I don't trust my neighbours. It's a really poorly thought through recommendation and just echoes how Royal Mail are behind the times and cannot offer a profitable carriage scheme.

Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:

No
