

Charles Forbes

Question 1: Should Heartland Radio Foundation Limited be permitted to make its proposed changes to the Format of Heartland FM (Perth)?

No. The Directors of HRF have core Directors with HPCP Ltd and The Heartlander Magazine operating out of the now seemingly closed offices of HPCP Ltd, Heartlander Magazine failed and HeartlandFM is most likely trading insolvently. HPCP Ltd have now no staff and in difficulty. HeartlandFM are losing their Pitlochry rent free premises what's the contingency? Will Pitlochry end up with Wave102? Is this the people who would give 106.6 Perth Community Broadcasting to Dundee? Is this the same people who have run a great Radio station into the ground? Is this the same people under investigation by P&K council? HeartlandFM do not own the mast site in Perth will the owners P&K Council pass this to a Dundee broadcaster? Will the owners of the Perth premises transfer the lease to a Dundee broadcaster? Has anyone done due diligence on the financial proposal between the two organisations? HRF not thought through fire fighting, lacking in consideration for the best interests of Perth.

Question 2: Should Wave 102 Limited be permitted to make its proposed changes to the Format of Wave 102?

No. not convinced this organisation is in financial good health or in the best interest of Perth.
