

Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :

No. People should not be forced to display a sticker which will make neighbours think they are antisocial. I receive a great many parcels and I don't want my neighbours being bothered in this way. If the scheme really has to happen,make it opt in instead of opt out.

Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:

Parcels will be stolen. People who are the only ones in when most neighbours work will feel pressured to become a collection centre or put a sticker they don't want on their door.

Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:

No
