## Freedom of Information request: Right to know request

Thank you for your request concerning Rugby Union Radio Frequency. We received this follow-up request on 14 October 2024 and we have considered your request under the Freedom of Information Act 2000 (“the FOI Act”).

### Your request

---

*“Rugby Union Ref link Radio Frequency*

*Would you please advise the frequency used by Rugby Union at Championship games, particularly in Coventry at the Butts Stadium.”*

### Our response

---

There is no spectrum licensed ReLink service used by Rugby Union at Championship games, including in Coventry at the Butts Stadium, so we do not hold any information on a frequency for such a service.

There are various frequencies that can be used for in stadia communications that are not a ReLink service, but we do not keep records of which type of service these provide.

Some stadia offer a feed of commentary from the referee to mobile phones but that doesn’t require a licence beyond the normal licence for operating a mobile phone network.

We hope this information is helpful. If you have any further queries, then please send them to [information.requests@ofcom.org.uk](mailto:information.requests@ofcom.org.uk) – quoting the reference number above in any future communications.

Yours sincerely,
