

Question 1: Should Chorley FM be permitted to make its proposed changes to the key commitments of Chorley FM, with particular regard to the statutory criteria set out in Section 1 of this consultation document? (Section 106 (1A) of the 1990 Broadcasting Act, as modified by the Community Radio Order 2004).:

No. They only want to change their commitments so they sound more like a commercial station so they can sell more adverts but if they looked after their volunteers then the youth shows they did would make the station sound more community based and they'd get more advertising anyway. Over the past few years many people have been pushed out and a change to key commitments would mean more people were pushed out.
