

RESPONSE FROM MR STEPHEN FELCE

Representing:

Self

Additional comments:

May I suggest that Ofcom should consider whether its findings on charges that BT makes should also apply to users of PlusNet, which BT owns. My understanding is that PlusNet users are subject to BT charges for its leased telecoms lines just as those with a BT broadband service are, virtually as if we are BT customers.

Question 1: Do you agree with our provisional conclusions? Please provide reasons in support of your view :
