

Title:

Mr

Forename:

Cecil

Surname:

Ameil

Representing:

Self

Organisation (if applicable):

ESOA

If you want part of your response kept confidential, which parts?:

None

Ofcom may publish a response summary:

Yes

I confirm that I have read the declaration:

Yes

Additional comments:

Question 1: Do you have any comment on the drafting of the proposed regulations and proposed order?:

ESOA welcomes the consideration given by Ofcom to the issue of Recognised Spectrum Access (RSA) for Receive Only Earth Stations (ROES) in the frequency bands 7850 - 7900 MHz and 25.5 - 26.5 GHz.

ESOA advises that some of our members remain concerned that the technical parameters for RSA application for ROESs for Non-GEO systems could be problematic.

ESOA endorses Ofcom's proposal to make RSA available for ROES in the frequency bands 7850 - 7900 MHz and 25.5 - 26.5 GHz and to make the relevant regulations.
