What additional details do you want to keep confidential?:

No

If you want part of your response kept confidential, which parts?:

Ofcom may publish a response summary:

Yes

I confirm that I have read the declaration:

Yes

Additional comments:

My call sign is M0EJL
Licence No:- 1-8519-146631

Question 1:Do you agree with the proposal to include, as a matter of course, the 470 kHz and 5 MHz bands into the Licence for all Amateur Radio (Full) licensees?:

Essentially yes - I do not intend to use 470kHz band and therefore have no comments on that part of the proposal. In regard to the proposal to include the 5Mhz, I presume that it will be available in the same way as other bands currently available to us, on a secondary basis.

Question 2:Do you agree that expressly linking a Full (Club) Licensee's authorisation to use the spectrum to his or her representation of a named club, and by adding a further ground for revoking the Licence to include circumstances where the licensee no longer represents the club, will help ensure that a club's call sign remains with the club?:

Yes

Question 3:Do you agree that Ofcom should include a further ground of revocation in the Licence as proposed above in order better to align Clause 4 with the definition of 'Disqualified Person':

Yes

Question 4:Do you agree that the word 'automatically' should be removed from Clause 4(5) of the Licence, in relation to the revocation of the Licence for failure to comply with the revalidation requirements?:

Yes

Question 5:Do you agree that Clause 15 of the Licence should be updated to reflect the wording included in Ofcom's General Licence Conditions Booklet?:

Yes

Question 6:Do you agree that Clause 13 of the Licence should be amended to allow for a simpler, more flexible approach for identifying Amateur Radio stations?:

No not really, I feel the current arrangements if properly implemented ensure that stations are clearly identified at all times. So no need for further changes.

Question 7:Given the current uncertainty amongst Radio Amateur licensees in relation to Clause 2(2), do you believe that it would be a practical solution for Ofcom to remove this Clause and to insert additional wording into Clause 13, as proposed above?:

No - Why change for change sake - feel current system is OK

Question 8:Do you agree with Ofcom's proposal to amend Clause 2(3) of the Licence to require Intermediate licensees to transmit a call sign that reflects the location of their main station?:

All call signs classes should have their prefixes standardised. Therefore retaining the current clause in respect of their prefix.

Question 9:Do you agree that replacing Clauses 2(1) and 16(1) with a new Clause to simplify and bring together all of the licence conditions relating to the operation of radio equipment away from the Main Station address will make these provisions clearer?:

Yes

Question 10:Do you agree that the proposed changes will clarify RAYNET operation under the Licence?:

Yes
