Yes

**Additional comments:**

**Question 1:Do you agree with the proposal to include, as a matter of course, the 470 kHz and 5 MHz bands into the Licence for all Amateur Radio (Full) licensees?:**

yes.this will enable mor amateurs to experiment with these bands without the need to obtain an NOV

**Question 2:Do you agree that expressly linking a Full (Club) Licensee?s authorisation to use the spectrum to his or her representation of a named club, and by adding a further ground for revoking the Licence to include**

**circumstances where the licensee no longer represents the club, will help ensure that a club's call sign remains with the club?:**

If a person holds a CLUB Licence they should only hold that licence while they are connected to that club. When the person is no longer connected to that club or becomes SK the licence is still available to be held by that club

**Question 3: Do you agree that Ofcom should include a further ground of revocation in the Licence as proposed above in order better to align Clause 4 with the definition of 'Disqualified Person'?:**

yes

**Question 4: Do you agree that the word 'automatically' should be removed from Clause 4(5) of the Licence, in relation to the revocation of the Licence for failure to comply with the revalidation requirements?:**

no. My opinion is Shorten the Revalidation time to 1 year, that way there is less chance of people forgetting USER NAMES, PASSWORDS, I also think there should be a LICENCE FEE..

**Question 5: Do you agree that Clause 15 of the Licence should be updated to reflect the wording included in Ofcom's General Licence Conditions Booklet?:**

I think a licence fee is for all licence applications/renewals.

**Question 6: Do you agree that Clause 13 of the Licence should be amended to allow for a simpler, more flexible approach for identifying Amateur Radio stations?:**

Station identification should still be given at at least every 1 min as at present

**Question 7: Given the current uncertainty amongst Radio Amateur licensees in relation to Clause 2(2), do you believe that it would be a practical solution for Ofcom to remove this Clause and to insert additional wording into Clause 13, as proposed above?:**

Regional IDs should be given as how else will others know where stations are located unless they state the region

**Question 8: Do you agree with Ofcom's proposal to amend Clause 2(3) of the Licence to require Intermediate licensees to transmit a call sign that reflects the location of their main station?:**

All licence classes should be the same as regards regional ID.

**Question 9:Do you agree that replacing Clauses 2(1) and 16(1) with a new Clause to simplify and bring together all of the licence conditions relating to the operation of radio equipment away from the Main Station address will make these provisions clearer?:**

**Question 10:Do you agree that the proposed changes will clarify RAYNET operation under the Licence?:**
