Additional comments:

As a member of a club here in Sheffield for many year as a chairman, vice chair, president, I think that it's a good thing that ofcom is going to do with Club Call, this should have been looked at years ago my views in the light of my own experience and our members

Question 1:Do you agree with the proposal to include, as a matter of course, the 470 kHz and 5 MHz bands into the Licence for all Amateur Radio (Full) licensees?:

yes i think its good if ofcom did this as i had a nov for the 5MHz and enjoyed work it

Question 2:Do you agree that expressly linking a Full (Club) Licensee?s authorisation to use the spectrum to his or her representation of a named club, and by adding a further ground for revoking the Licence to include circumstances where the licensee no longer represents the club, will help ensure that a club?s call sign remains with the club?:

Yes this would Stop the things like our club as just gone thought ,

Question 3:Do you agree that Ofcom should include a further ground of revocation in the Licence as proposed above in order better to align Clause 4 with the definition of ?Disqualified Person??:

i think if that person is not a member of the club they should not hold a club licence

Question 4:Do you agree that the word ?automatically? should be removed from Clause 4(5) of the Licence, in relation to the revocation of the Licence for failure to comply with the revalidation requirements?:

it would be nice if the amateurs in the uk get a reminder before just to remind them as amateurs have other things on their mind not only radio ?

Question 5:Do you agree that Clause 15 of the Licence should be updated to reflect the wording included in Ofcom?s General Licence Conditions Booklet?:

I don't mind Paying !! but it would be nice if ofcom help in tidying the band up if it was needed with the people that play around and aggravate others on the bands

Question 6:Do you agree that Clause 13 of the Licence should be amended to allow for a simpler, more flexible approach for identifying Amateur Radio stations?:

Keep it at 15 minutes. this is how it as been all the time

Question 7:Given the current uncertainty amongst Radio Amateur licensees in relation to Clause 2(2), do you believe that it would be a practical solution for Ofcom to remove this Clause and to insert additional wording into Clause 13, as proposed above?:

just make the call much clear i dont find any thing wrong with mm gm or the others

Question 8:Do you agree with Ofcom?s proposal to amend Clause 2(3) of the Licence to require Intermediate licensees to transmit a call sign that reflects the location of their main station?:

The suggested change would cause great confusion

Question 9:Do you agree that replacing Clauses 2(1) and 16(1) with a new Clause to simplify and bring together all of the licence conditions relating to the operation of radio equipment away from the Main Station address will make these provisions clearer?:

leave it as is

Question 10:Do you agree that the proposed changes will clarify RAYNET operation under the Licence?:

If we have a national or local emergency Amateurs should not feel in anyway constrained by their licence, other than bands and power. this my save lifes
