Question 3.1: Do you agree that the modification to the Numbering Plan that we propose – which would prohibit direct or indirect revenue-sharing with callers and/or end-users by those who use 03 numbers – is appropriate and proportionate to address the conduct of concern that we have described in this document? If not, please explain why.

No, I do not agree. I want to use my inclusive minutes that I pay for to call those important to me internationally. Having the service stopped means I have to pay extra which I just cant afford. I think its unfair that the mobile company is making money at my expense by allowing the networks to bar me from using the minutes I pay for.

Question 4.1: Do you have any comments on the draft modifications to the Numbering Plan that we are proposing, as set out in Annex 7? Where you disagree with any of the proposed modifications, please explain why.

I strongly disagree as I do not want to be charged more for the same thing
