<p><b>Question 1:</b> Do you have any comments on Ofcom's proposed Work Plan for 2026/27?</p>	<p>Confidential? – N</p> <p>Page 35 - Broadcast Licensing. We will continue to issue, manage and maintain licences for all national and local commercial TV, digital commercial and digital community radio services and restricted analogue radio services. We will issue radio licences in line with our Statement on radio licensing priorities beyond the planned rollout of the Small Scale DAB programme. We will respond to stakeholder requests to make changes to their licences where appropriate.</p> <p>We call on OFCOM to remove the word 'digital' from the sentence about commercial and community radio services. We believe an expected imminent consultation on future licencing after the eight rounds of SSDAB is due to include the opportunity to comment on both analogue and digital licencing, and the Statement on radio licensing priorities should be informed by this, and not prejudice or influence its expected outcome.</p>
