## Your response

<b>Question 1: Do you agree with our assessment of current road tolling use in the 5.8 GHz band in the UK? Is there other current and future planned use that we are not aware of?</b>	Confidential? – N  Broadly yes, however the use may be less than stated as Dartford Crossing now seems to use ANPR
<b>Question 2: Do you agree with our analysis of the options for managing sharing between BFWA and RTTT? Are there additional options which we have not considered which in your opinion would result in a better balance of benefits and risks?</b>	Confidential? – N  Yes. Option 4 would be the best option.
<b>Question 3: Do you agree with our proposal to remove the notch and allow BFWA use in the whole of the 5.8GHz band?</b>	Confidential? – N  Yes
<b>Question 4: Are there any other considerations that you believe need to be taken into account and that are not already covered in this consultation?</b>	Confidential? – N  No
