

Consultation response form

Consultation title	Improving access to 5.8 GHz spectrum for broadband fixed wireless access
Full name	Mike Brandl
Representing (delete as appropriate)	Organisation – Wessex Internet
Organisation name	UKWISPA and Wessex Internet

Your response

Question 1: Do you agree with our assessment of current road tolling use in the 5.8 GHz band in the UK? Is there other current and future planned use that we are not aware of?	Confidential – N The Dartford Crossing seems to use ANPR. Therefore current use may be less than is stated.
Question 2: Do you agree with our analysis of the options for managing sharing between BFWA and RTTT? Are there additional options which we have not considered which in your opinion would result in a better balance of benefits and risks?	Confidential – N Yes. Option 4 is the best option
Question 3: Do you agree with our proposal to remove the notch and allow BFWA use in the whole of the 5.8GHz band?	Confidential – N Yes
Question 4: Are there any other considerations that you believe need to be taken into account and that are not already covered in this consultation?	Confidential – N No
