<b>Question</b>	<b>Your response</b>
<b>Do you agree that, for the purposes of where locally-made programming may come from, Ofcom should approve the 'South West and West Country' area in relation to the nine local licences listed in Section 2 of this document? If you do not agree, please give reasons.</b>	<p>Confidential? – N</p> <p>We all know what will happen, program from Bristol which for us in Cornwall, is as local as programs for London being made in Hull. Please ensure local programing means local programing, not well outside the transmission area.</p> <p>Yet again we are being sold short again in Cornwall, please stop these super regions. We have had ITV from Bristol since 2009, anything major that happens in the region, it feels as if the contractor is paying lip service to the area.</p>
